The Fox MIRA HV25 Battery is a high-voltage, high-performance, scalable solar battery storage module with 2.45kWh capacity. Installation is designed to be easy, with a plug and play solution that can save valuable time for installers.

Features of 45kwh Lifepo4 Battery Pack. Quality of A-grade Cells. Each battery module is built with brand-new A-grade lithium iron phosphate (LiFePO4) cells. These cells operate across a broad temperature range (-10°C to 60°C). They also provide the battery pack with a long cycle life of over 6,500 cycles. Intelligent BMS for Enhanced Safety

Tata Motors recently introduced a new 45kWh battery pack on the Nexon EV, taking the total battery count up to three. The other two are 30kWh and 40.2kWh. That's the most offered by any EV in India, irrespective of their price point. This allows for a wide price band where one can opt for a specific variant depending upon their use case.

At this price, the top-spec Nexon EV 45 kWh costs Rs 70,000 more than the Nexon EV Empowered Plus LR with the 40.5 kWh battery, which will also remain on sale for the time being. The Nexon EV 45 kWh also gets a slew of new features, which will be exclusive to the 45 kWh model for now.
