How much power does a solar generator 550 have?

Portable Power Excellence: Boasting a robust 550Wh battery capacity, coupled with an ergonomic handle and cutting-edge BMS technology, the Solar Generator 550 offers unparalleled portability at only 13.8 lbs., making it a breeze to transport wherever power is needed.

How long does a solar generator 550 last?

Safety Precautions for Operation: To conserve energy, the Solar Generator 550 portable power station is designed to automatically shut off after 12 hours of continuous use if the power draw is below 10 watts. This feature helps protect the device and conserve battery life.

Can You charge a power station with a solar panel?

Basically you can be charging the power station with a solar panel and at the same time be charging all your other goods - it's a bigger deal than one would think. Pro tip: you'll get fantastic performance through the 12v port so if you have the option to, get items that use that as its source.

How useful is a 500 watt power supply?

The usefulness of something of this grade is pretty endless. My partner got it confused with looked to be a similar product at Costco but if you know your stuff, the specs are exponentially different - the 500 watts is continuous power (with a 1000 peak) so it can pretty much power any steady device.

How do I pay for a Jackery solar generator?

Credit card, PayPal or Buy Now, Pay Later options available at checkout. Your choice. Jackery, founded in California in 2012 with the vision of offering green energy to everyone, everywhere, has emerged as a trailblazer in the solar generator sector and a globally renowned top-seller.

How many watts can Explorer 500 charge?

A: The Explorer 500 can charge/power devices that operate at less than 500 watts and the total wattage of all connected devices should also be under 500 watts as well. If the power requirement exceeds this limit, the Explorer 500 will automatically shut off. Please check your device's specifications before making a purchase.
