In addition, the case of the Dominican Republic is analyzed, identifying three cases to be evaluated, considering the Net metering (NM) program, self-consumption, step tariff and electricity outages. It was determined that in the ...

I haven't done too many good things in my life, but the best thing I've done is work with Soluna installing a solar battery inside my home. I've had the air conditioning running through this heat and my last electric bill considerably lower. Knowing that Me and my family will be safe during a power outage definitely gives me peace of mind.
