

Angile energy Kazakhstan

Why should you join Angile energy?

With Angile Energy, you can join our quest for green future by reducing carbon emission whilst saving money on utility bills. We are contributing by developing products that are clean and safe. Our highly advanced research and development center is equipped with cutting-edge technology for precision and perfection.

Who is KAZENERGY?

Association KAZENERGY unites more than 70 major players in the oil, gas and energy business - extracting, transporting, servicing, geophysical, uranium-producing and other transnational companies.

Why should you join the Kazakhstan Energy Association?

JOIN THE KAZENERGY ASSOCIATION! build capabilities and help shape the Kazakhstan energy future. Association KAZENERGY - independent non-commercial union of legal entities, which is challenged to promote creation of favorable conditions for the dynamic and sustainable development of the fuel and energy sector of the Republic of Kazakhstan.

Relying on the outstanding core scientific research team, Angile Energy firmly grasps the core technology and hardware of energy storage. Our company not only has 3S control technology of energy storage system (BMS, EMS, PCS)

In 2024, Kazakhstan's renewable energy sector showed steady progress, with energy generation from renewable sources increasing by 10 per cent compared to 2023, reaching 5.6 billion kW/h.

Situated on the site of the former Thainstone Paper Mill, the Thainstone Energy Park is Agile Energy's vision to create a sustainable, low carbon energy hub right in the heart of the North East of Scotland. By utilising proven, state-of-the-art energy from waste technology, Thainstone Energy Park has the potential to create new business and ...

Our environment needs more care than ever before. With Angile Energy, you can join our quest for green future by reducing carbon emission whilst saving money on utility bills. We are contributing by developing products that are clean and safe.
