If you have a big house and you live in an urban setting, having a propane generator is really the way to go. They are quiet and can run for a long period of time. Price for a 7kW propane generator is about \$3,000.00 US Propane is ...

Battery based systems are much more complex than grid tied systems. The grid tied system only has two active components, the solar panels to make power and the inverter to convert it to grid power. There is very little to go wrong and it is very simple. The battery based system has a number of components, and requires maintenance and supervision.

Off-grid in power St Kitts and Nevis. This two island nation is one of the Leeward Islands in the Lesser Antilles. St Kitts is 168km² in area and 29 km long by [...] Read more. Off-grid power in Anguilla. Anguilla is a UK dependent territory in ...
