

Antigua and Barbuda meagle sun solar energy system

Can solar power Antigua & Barbuda?

A hybrid solar and battery project in Antigua and Barbuda, funded by the \$50 million UAE-Caribbean Renewable Energy Fund, features 720 kWp of solar panels and an 863 kWh battery, designed to withstand strong winds and fully power the island nation during daylight hours.

What is a hybrid solar park in Antigua & Barbuda?

A hybrid solar park developed and implemented by Abu Dhabi Future Energy Co. (Masdar) is now operational in the Caribbean nation of Antigua and Barbuda. The Green Barbuda project is a hybrid solar, batteries and back-up diesel project, featuring a hybrid PV plant with 720 kWp of solar panels connected to a 863 kWh battery.

Will Antigua & Barbuda achieve a net-zero carbon economy by 2030?

With the Caribbean -island state of Antigua and Barbuda having committed to achieving an entirely renewable energy system by 2030, as part of a path to a net-zero carbon economy by mid century, a study prepared by the International Renewable Energy Agency (IRENA) has placed solar front and center of the energy transition needed.

How much does electricity cost in Antigua and Barbuda?

Crucially, the current electricity cost of \$0.15/kWh in Antigua and Barbuda could be reduced to \$0.105/kWh under such a generation mix, with a low of \$0.09/kWh possible under the most capital intensive, all-clean-energy-plus-hydrogen-and-EVs approach.

What is the Green Barbuda electricity project?

"The Green Barbuda electricity project has been a truly transformative one for Barbuda. It harnesses our indigenous renewable energy resources and has provided for the transfer of cutting-edge technologies as well as capacity building at the local level to manage the project," said Prime Minister Gaston Browne.

What happened to energy infrastructure in Barbuda after Hurricane Irma?

For residents on Barbuda, who lost their energy infrastructure with the landing of Hurricane Irma in September 2017, IRENA has built upon the power mix suggested by UAE state-owned Abu Dhabi Future Energy Company in 2018.

Meagle Sun Group is a leading provider of PV solutions offering a complete turnkey solution for your solar projects worldwide. Meagle Sun Group, specialized in solar systems, is located in Dubai, United Arab Emirates and Africa. Meagle Sun is a manufacturer, an installer and an exporter of solar products all over the world.
