What is the biggest photovoltaic facility in Bosnia & Herzegovina?

It is the biggest photovoltaic facility in the making in official procedure in Bosnia and Herzegovina. The documentation in the Ministry of Environment and Tourism of the Federation of Bosnia and Herzegovina revealed a solar power plant of 150 MW could be installed in phases in the municipality of Stolac.

How is energy produced in Bosnia and Herzegovina?

Energy production in Bosnia and Herzegovina is carried out using primary energy from solid fuels, wood biomass, hydropower, as well as other forms of RES (solar and wind energy).

How to promote energy transformation in Bosnia & Herzegovina?

Promote the implementation of programmes, priority measures, and activities in the sector of energy transformation, transmission, and distribution of natural gas, planned within the existing strategic and planning documents and relevant energy companies. In 2021, Bosnia and Herzegovina imported practically all quantities of oil derivatives.

Does BH Gas manage the transport network in Bosnia & Herzegovina?

According to the Regulation on the organisation and regulation of the gas sector, the company BH Gas manages the transport network in the Federation of Bosnia and Herzegovina, however, there is no legal basis for separation under the Third Energy Package because no law has been passed in the FBiH that regulates this area.

What is the integrated energy and Climate Plan in Bosnia & Herzegovina?

1.1.3.3 Policies and measures to achieve goals The Bosnia and Herzegovina integrated energy and climate plan prescribes policy instruments and appropriate measures to achieve the goals by 2030. An overview of the plan policies and measures is given in the Table below. Establishing the legal obligation to perform a cost-benefit analysis.

One of the identically-sized 20MW BESS projects in developer Enfinite's eReserve portfolio in Alberta. Image: Enfinite. A joint venture of UK-based Aura Power and Germany's ib vogt, along with the Canadian development arm of France's Neoen, have recently submitted applications with the Alberta Utilities Commission (AUC) to construct three projects ...
