

Cambodia saule technologies

Saule Technologies is a pioneer in the research and manufacturing of perovskite photovoltaic cells - a new generation of solar cells. Perovskite cells, printed by Saule Technologies on flexible foils, are lightweight, ultra-thin, semi-transparent and very effective, even in artificial light. Thanks to this, the range of possible applications ...

2021 is a breakthrough year for Saule Technologies, as we are launching the production line. We regularly announce new licensing opportunities for products with perovskite PV integration. In Q1 this year, we signed the first licenses with industry leaders to sell and distribute our solutions.

We collaborate with e-mobility companies to be able to offer you the most advanced solutions with an upgrade of solar cells from Saule Technologies. Solar-powered vehicles The electrification trend will impact both the design of the vehicles and the environment in which it moves.

Zarząd Spółki pod firma Saule Spółka Akcyjna z siedziba w Warszawie (dalej „Spółka”) w związku z art. 16 ustawy z dnia 30 sierpnia 2019 roku o zmianie ustawy - Kodeks spółek handlowych oraz niektórych innych ustaw (Dz.U. z 2019 r. poz. 1798) wzywa wszystkich akcjonariuszy Spółki do złozenia posiadanych dokumentów w akcji w celu ich dematerializacji.

In particular, functionalities such as flexibility, high specific power, and good low-light performance enable new applications and broadening of conventional PV usage. The presentation will review the development of Saule Technologies, and demonstrate the go-to ...

Saule Technologies poszerza sieć współpracy naukowej poprzez uczestnictwo w przełomowych projektach badawczych dotyczących materiałów perowskitowych. Współpracujemy w ramach projektów krajowych (NCBiR), jak i w skali europejskiej (Komisja Europejska). Spółki z Grupy kapitałowej Saul biora udział w licznych projektach badawczych w ...
