If some portion of the floor is bare, you can still stack hundreds of pounds in one place, and the floor joists will distribute the load somewhat. So back to gym equipment. For a gym involving weights I recommend putting down 3/4" plywood, followed by 3/8" to 3/4" rubber mats (the thicker the better, but 3/8" is fine if you aren't dropping anything).

The heart of the castle is pretty don't hear me wrong, but the concept is lacking and not great in my opinion. Needing to teleport and go back teleport from front of the castle (main campus) to heart of the castle is so unnecessary, plus I think the locker courtyard was great for roleplay even though not people do that much often for videos and photo shoots it was great,
