Pantera maintains a consistent drilling program. Our engineering staff is well versed in the execution of drilling and completing wells in a timely and cost efficient manner. We at Pantera Energy understand that we can only be as strong as the communities in which we serve.

Will Energa Bogotá connect other wind farms to the grid?

However, Grupo Energía Bogotá, whose principal shareholder is the city of Bogotá, is building transmission lines that are expected to come online in two phases over the next two years, connecting other wind farms to the grid -- something Camacho says reflects lessons learnt from the experience with Enel.

Should Colombia continue to diversify its energy grid?

"It is an opportunity to develop what we have identified as a fair transition." Alexandra Hernáandez, the president of Colombia's renewables association, says the country needs to continue to diversify its grid, which is vulnerable to drought as 70 per cent of energy is generated in hydroelectric dams.

2 ???· In 2019, EDPR decided to enter the Colombian market through two projects, Alpha and Beta, with a combined capacity of 0.5 GW, located in La Guajira region, a good location in terms of wind resources, and an expected generation of 2.5 TWh/year, which would make a decisive contribution to Colombia's energy diversification and transition national ...
