Outdoor enclosure for Bobcat and Sensecap . Question I have one of each coming this week. I'd like to buy some outdoor enclosures but haven't had much luck when looking for an enclosure for either of these. ... Has anyone had any luck getting outdoor enclosures for these models? Archived post. New comments cannot be posted and votes cannot be ...

Compatible with SenseCAP M1 which are not included in the Outdoor Enclosure Kit. The provided PoE Injector and Splitter are not Gigabit (1000Mbps) Ethernet capable. They are 10/100Mbps devices, working only with 10/100Mbps ports on routers and switches.

SenseCAP IP66 Outdoor Enclosure / Housing. This is an IP66 waterproof outdoor enclosure for the Helium M1 and M2 hotspots from Seeed Studio. With this case, you can use your mining hotspot outdoors to increase your network coverage, and thus your mining returns.

Ffs man, buy a NEMA rated enclosure on Amazon with a cable gland assortment. Drill the holes in the bottom of the enclosure for the cable glands and run the cables in through there. Those holes in the side will allow condensation to escape but a strong rain/wind will blow moisture in and sit on the bottom of that lid.

Ideal for outdoor IoT applications. Secure and weatherproof IP66 enclosure for Helium hotspots like SenseCAP M1/M2, BobCat, RAK. Ideal for outdoor IoT applications. Get in touch. Submit. I just finished configuring my SenseCap M1 in the Rak Outdoor enclosure powered using POE and a 5.8 dbi antenna. Miner is currently syncing to the blockchain and will be installed at my buddies house this weekend! I used a TP Link POE+ injector to provide enough power to the miner. Any questions or comments/tips would be appreciated. Thanks!
