

Denmark vionx energy

Who is Vionx energy?

VionX Energy is an energy company manufacturing power and energy storage products to deliver long run-time and cost-competitive operation. The company's system delivers unrivaled Levelized Cost of Storage at discharge durations greater than 4 hours due to low capital and operating cost and a product life of over 20 years with no performance

How many investors does Vionx energy have?

VionX Energy has 3 investors including NYSERDA and VantagePoint Capital Partners. How much funding has VionX Energy raised to date? VionX Energy has raised . When was the last funding round for VionX Energy? VionX Energy closed its last funding round on Jun 21,2018 from a Venture - Series Unknown round.

What are some alternatives to Vionx energy?

Alternatives and possible competitors to VionX Energy may include Blue Origin ,TRINA SOLAR LTD ,and Natron Energy. VionX Energy is an energy company manufacturing power and energy storage products to deliver long run-time and cost-competitive operation.

When did Vionx energy close?

VionX Energy closed its last funding round on Jun 21,2018 from a Venture - Series Unknown round. Who are VionX Energy 's competitors? Alternatives and possible competitors to VionX Energy may include Blue Origin ,TRINA SOLAR LTD ,and Natron Energy.

What chemistry does Vionx use?

Vionx batteries employ Vanadium Redox Flow chemistry,with optimization invented by its partner,United Technologies Corporation (UTC). The company's improvements to time-tested Vanadium Redox technology have created a grid-scale battery solution that is competitive with other long runtime grid-scale storage solutions.

VisBlue Denmark Privately Held VisBlue is a private production and development company and a spin-out from Aarhus University and the University of Porto with four co-founders. VisBlue is based on know-how within the redox flow battery technology. ... VionX Energy USA Privately Held Vionx offers a long lasting, more durable solution for grid ...

Long-duration energy storage VIONX Energy Corporation offers grid-scale, long-duration energy storage systems with unparalleled performance, safety, and 20+ year lifespan, presenting opportunities for utility and renewable energy project sales.

Largo Clean Energy has acquired superior VRFB technology that was previously owned by VionX Energy, a company that had been involved in the renewable energy storage market since 2002.

Denmark vionx energy

The VIONX Energy Corporation has developed a grid-scale, long duration energy storage system which has a 20+ year life, is certified non-flammable and safe, has unmatched performance and is bankable. The unique long-duration discharge of up to 10 hours at full rated power is enabled by superior flow battery stack technology operating at 3X ...

VionX Energy is funded by 3 investors. NYSERDA and VantagePoint Capital Partners are the most recent investors. VionX Energy has a post-money valuation in the range of \$100M to \$500M as of Apr 1, 2017, according to PrivCo.
