

Energys emea Jordan

What does EnerSys do?

EnerSys is a stored energy systems and technology provider for industrial applications. The company manufactures reserve power and motive power batteries, battery chargers, power equipment, battery accessories and outdoor equipment enclosure systems.

Who is EnerSys?

EnerSys is the industrial technology leader serving the global community with mission critical stored energy solutions that meet the growing need for energy efficiency, reliability and sustainability.

Does EnerSys sell batteries?

EnerSys also manufactures and sells related DC power products including chargers, electronic power equipment and a wide variety of battery accessories. Their battery products cover a broad range of sizes, configurations and electrical capabilities. EnerSys, in 2000, acquired Yuasa's industrial division. The Hawker Group merged with EnerSys in 2002.

What industries did EnerSys acquire?

These industries include medical, aerospace and defense systems. With the Alpha acquisition, EnerSys expanded its portfolio to become a fully integrated DC power and energy storage system and technology provider for broadband, telecom and energy storage systems.

Who makes EnerSys batteries?

EnerSys and its predecessor companies have manufactured industrial batteries for over 100 years. The current company was formed in late 2000 by acquiring the reserve and motive power battery businesses in North and South America of Yuasa Corporation (Japan).

When did EnerSys acquire Yuasa?

EnerSys, in 2000, acquired Yuasa's industrial division. The Hawker Group merged with EnerSys in 2002. In 2002 EnerSys acquired Energy Storage Products Group of Invensys for \$505 million. Acquired in 2011 in the United Kingdom. Acquired in March 2011 they made Lead and Nickel based batteries for motive and reserve power markets in Greece.
