Is Herholdt's a success story?

"Ours is indeed a remarkable success story and legacy despite humble beginnings," the company says. In 2021, after a number of successful installations and a healthy brand in SA, the Adenia Group acquired 78% of Herholdt's Group, promising to further enhance the business to capitalise on the positivity achieved to date.

Will Herholdt's take a warehouse & office space in the Western Cape?

Herholdt's will take a 4927 m² warehouse and 820 m² office space - all with Level 1 Edge Certification - valued at R64.5 million to support expansion in the Western Cape. Close to the N1, this position is perfectly connected and will see Herholdt's neighbour with some of SA's biggest brands.

Is Adenia working with Herholdt's group?

In May 2023, confirmation that the new partnership with Adenia was indeed working came when the Financial Times released its list of the 100 Fastest Growing Companies in Africa. At number 36, Herholdt's Group displayed a compound annual growth rate of almost 50% and 2021 revenues of more than \$100 million.

Why is Herholdt's group growing so fast in 2021?

At number 36, Herholdt's Group displayed a compound annual growth rate of almost 50% and 2021 revenues of more than \$100 million. A driver of this is the unabating demand for solar. In the first half of 2023, SA imported R12 billion worth of solar cells and solar PV panels. This equates to around 2200 MW of renewable energy power.

SolarEdge has a mission to transform the solar industry and promote a sustainable future with innovative products, such as Power Optimizers, All-in-one Inverters, and specialized solutions for enhanced energy efficiency and optimized power for residential and commercial applications.

For the second time in a row, Herholdt's Group has been recognized as one of the fastest-growing companies
