Who is ESY sunhome?

Founded in 2004, China's Esy Sunhome started out manufacturing batteries for small devices, then expanded into a supplier of Battery Management Systems (BMS). In 2021, the firm launched its first home energy storage solution. Esy Sunhome has a 12,000m² facility in Shenzhen, China and boasts 800 engineers and assembly line staff.

Who attended ESY Sunhouse's product launch event?

SHENZHEN, China, Jan. 18, 2023 /PRNewswire/-- ESY SUNHOME ("ESYSH"), a new energy storage product company, successfully held a product launch event on Jan. 14. The most important partners of ESYSH- EAST (300376), Ganfeng Lithium (002460) and Veken Technology (600152) all attended the conference.

Does ESY sunhome HM6 have a warranty?

The HM6 is accompanied by a 10 year*performance*warranty. Esy Sunhome warrants the HM6 will either retain at least 70% of its original storage capacity, or achieve minimum throughput energy - which varies with the model. For example the minimum throughput energy for a 5.12 kWh system is 21.5MWh. For a 30.72kWh system, it's 129MWh.

What are ESY Sunhouse's core values?

The German team sets a shining example of one of ESY SUNHOME's core values: unity and perseverance. This core value is threaded throughout the company, including our Australian team and headquarters members. They always remember their initial purpose, working tirelessly to bring more warmth and care to their customers.

How does ESY sunhome monitor a battery?

Monitoring is via the Esy Sunhome App, which the firm says also allows for complete control over the battery's operational status. The app leverages the power of AI to provide "real-time" solutions by considering factors such as user electricity consumption, weather conditions and electricity prices.
