Folding solar power pack supplier

the right panel for your next adventure. We hit the trails with them on backpacking trips, used them when car camping and working remotely, ...

We've been testing solar panels with integrated batteries for years, and most of the power bank/solar panel combos we've tried haven't performed well as solar panels. However, the Hiluckey HIS025 25000mAh Power Bank uses a newer design that makes it perform better as a solar panel. This power bank features a four-panel fold-out solar array.
