

Ghana sbs 60 battery

What is EnerSys powersafe SBS 60?

The EnerSys PowerSafe SBS 60 battery range utilizes unique and proven technology to provide a superior range of valve-regulated batteries with an extended service life in compact and energy dense configurations.

What is a powersafe sbs60?

The PowerSafe SBS60 is smaller than the competition so the design of the front terminal series offers improved flexibility where space is limited and makes installation and maintenance easier and faster. The PowerSafe SBS60 is designed to cope with raised temperatures and harsh environments.

How do I contact powersafe sbs60?

Call us on 01234 851155 to discuss your requirements and how we can help you find the right product and support. For more information, please call us on +44 (0) 1234 851155 or send us a message below. The PowerSafe SBS60 is manufactured to the highest international standards and ideal for use in wireless and fixed-line communication applications.

PowerSafe SBS 60 battery. PowerSafe gel batteries are designed with jet aircraft in mind, are shock and vibration resistant, making them ideal for use in rally and racing cars. - Airtight construction - Very short loading time - Resistant to loads, shocks and vibrations - Low weight - Can be mounted vertically or horizontally

EnerSys SBS-60 Battery Specifications: Length: 8.66 (in) Width: 4.76 (in) Height: 10.30 (in) Weight: 40.8 lbs; Capacity: 51 AH; Terminal: M6 VRLA . Applications - The Powersafe SBS 60 battery is an excellent high-rate premium choice for: cable TV, emergency lighting, power generations and offshore applications .
