

How many employees does UMEB have?

The company offers designing, marketing, repair, and other services. It caters to chemical, petrochemical, oil and gas extraction sectors, and more. UMEB has 5 employees at their 1 location.

Why does Gibraltar need a new power plant?

This secures Gibraltar's energy supply economically, environmentally and sustainably. The associated closure of the three old plants represents the largest measure taken to improve air quality and reduce greenhouse gas emissions. The new power plant consists of six engines; 3 of which run on natural gas and 3 of which are dual fuel.

Why does Gibraltar need a LNG power system?

The people and businesses of Gibraltar will have better air quality, a quieter environment, and see the rewards of better energy efficiency. Michael Caetano, Chief Operational Officer of the Gibraltar Electricity Authority (GEA) When Gibraltar upgraded its nearly 40-year-old power system, they opted for a unique LNG solution.

Is Gibraltar a sustainable country?

At present, Gibraltar is very dependent on the importation of fossil fuels for energy production and in order to reach the 2020 targets, strategies and measures based on sustainability, improved efficiency and security need to be implemented. Guidance documents are also available to aid in the implementation of Articles within the EED.

Why does Gibraltar have a power station?

Through a remarkable feat of engineering, the power station on the North Mole in Gibraltar Harbor allows the quasi-island to continue its proud history of independence and self-sufficiency, regardless of what international politics hold in store.

Does Gibraltar need a cleaner liquefied natural gas (LNG)?

Until recently, Gibraltar's energy needs were 100% powered by marine diesel - so, a better solution was urgently needed - one that switches from diesel to cleaner liquefied natural gas (LNG).

2 ???· The Government has purchased the 2 thirds of shares held by Northumbrian Water Group for £7.5 million, ensuring that Gibraltar's water supply is managed and operated entirely now in the public interest.
