

Greece sunlit energy

Does sunlight group have a five-year investment plan?

Greek battery maker Sunlight Group, part of Olympia Group, last week reported a 54% rise in 2021 turnover and said it is pushing with its EUR-560-million (USD 581.5m) five-year investment plan. Sales rose to EUR 272 million as the market for motive batteries and energy storage systems gradually recovered from the pandemic.

What will sunlight's lithium battery technology be used for?

A company spokesperson told Energy-Storage.news today that Sunlight wants the lithium battery technologies it develops to play a key role in areas including automated guided vehicles, electric buses and shipping, as well as in "smart storage systems for renewable energy sources".

What makes sunlight a sustainable company?

Following a sustainable business profile, Sunlight implements the Circular Economy model, whilst operating the most advanced lead acid recycling plant in Europe.

Is sunlight a good battery manufacturer?

In its fourth decade of dynamic growth, Sunlight is ranked among the world's top manufacturers of industrial technology batteries.

How much money will sunlight invest in Xanthi?

In addition, EUR 105 million will be invested in a project, co-funded by the EU, focused on the development of lithium battery technologies for the energy storage sector and off-road industrial mobility. A pilot line for prototype lithium cells is already being installed at Sunlight's factory in Xanthi.

Is sunlight a technology agnostic company?

The company is on a strong upward trajectory and is transforming itself from a battery manufacturer to a technology-industrial company providing energy storage applications for its customers all over the world. Sunlight is technology agnostic, since it employs and explores different technologies depending on its customers' needs.

Greek lead-acid and lithium-ion battery manufacturer Sunlight Group Energy Storage Systems is set to more than double the production capacity of its lead-acid recycling plant in Komotini, northeastern Greece. ...
