

Harbin coslight power Qatar

Harbin Coslight Power Co., Ltd. was founded in 1998 with a registered capital of RMB 231,023,000. Up to the end of 2007, its total asset has reached : RMB 960,000,000. Presently, it covers a land area of over 170,000 sq.m and the construction area is more than 100,000 sq.m. The staff of the company is 2680, including 208 technicians and 96 ...

Uninterruptible power supply systems (UPS) Automation technology for battery production; Contact Information + <https://> Harbin Coslight New Energy Co., Ltd. No.8, Taihunan Road, Yingbin Road Concentration Zone, Development Zone, 150000 Harbin/Heilongjiang, China.

Harbin Coslight Power Co., Ltd. is one of the core subsidiaries of the group, with its production capacity of lithium batteries researched and developed by it reaching up to 6GWh, and provides supporting devices for over 10 auto manufacturers; the company provides supporting energy storage batteries for communications for China Mobile, China ...

The good service is an important competitive advantage for Coslight power. 1)Service Quality and Attitude--Best and Speedy ... In the splendid city, Harbin, the company founded Coslight users training center with the first class teaching and living facilities. Each day, the center has to receive the Coslight users from across the country. Up ...

Ever since, Coslight Company has attached great importance to user training. In the splendid city, Harbin, the company founded Coslight users training center with the first class teaching and living facilities. Each day, the center has to receive the Coslight users from across the country.

Harbin Coslight Power Co., Ltd.,the key subsidiary of the Coslight Technology International Group Co., Ltd.,which leading product is lithium-ion batteries .The production capacity per year is that liquid batteries may reach 80 million pieces, polymer li-ion battery may reach 30 million pieces, and the iron-lithium batteries may reach 0.4 million KVAh.

In March, 2009, Coslight has invested to build Vehicle battery Industry Park. The industry park is located in Harbin Development Zone, which land area is 110, 000 m² and building area is 67,000 m². The company is actively searching lithium mineral resources and currently owns lithium mine in Henan Province..

Harbin Coslight Power Co., Ltd. is one of the core subsidiaries of the group, with its production capacity of lithium batteries researched and developed by it reaching up to 6GWh, and provides supporting devices for over 10 auto ...

Cospowers Technology Company limited is a leading scientific and technological enterprise in the lithium

Harbin coslight power Qatar

battery industry and has more than 30 years of experience in technology and product development, On the basis of integrating the high-quality assets and excellent teams of Coslight International Group, Cospowers is determined to become the ...

Harbin Coslight New Energy Co., Ltd. (Cospowers for short) is a national high-tech enterprise focusing on the development of the lithium battery energy storage industry. The technical team has more than 20 years of experience in the lithium battery industry, and has R& D and manufacturing capabilities from lithium-ion material development, cell ...

Main Product & Communication Power Supply : The communication power supply is divided into two types 1. Composed of 30A rectifier 48300A/30 system 2. Composed of 50A rectifier 48600 A/50 system Main system characteristics 1. The rectifier module adopts active power factor compensation technology, with the power factor value of 0.99. 2.

As one of the "Top 100 Electronic Enterprises in China", the Group now has 21 subsidiaries such as Harbin Coslight Storage Battery Co., Ltd. and Harbin Coslight Power Co., Ltd., 13 overseas subsidiaries or offices in Russia, Germany, Britain, Italy, Turkey, the United States, Canada, etc., and a postdoctoral workstation and an institute ...

Main Product & Inverter Power Supply : I. Product introduction This system is the intelligent power supply product with independent intellectual property right developed on the latest U.S. microcontroller (MCU) simulation platform for two years, this product adopts digital phase synchronization lock technology, the system can realize totally independent current ...

Harbin Coslight Storage battery Co.,Ltd : Address: No. 68, Dianlan Street, Xuefu Road, Nangang District, Harbin City : Tel:0451-86677970 : Fax:0451-86678032 : Post code :150086 : Harbin Coslight Power Co.,Ltd : Address:No.8 Taihu South Street Yingbin Road Center Zone, Daoli District, Harbin : Tel:0451-86649582 Fax:0451-86649611

ZJK-1 is a high-performance monitoring device developed and produced by Harbin Coslight Power Co., Ltd. in 2005. The device adopts Flash ROM) and MCU that meets the requirement of modern industrial control, with the main ...

The production base of Coslight lithium batteries for vehicles is located in Harbin, occupying 110,000 m², and the building area is 67,000 m². The first stage construction will be completed in 2010, the yearly production capacity of lithium batteries may reach 400,000 KVAh.
