You can do this by interacting with your computer and choosing the "Management" tab. Within this tab, you'll find several important settings.

How do I open a locker?

Close the locker then press your wrist band against the locking mechanism for that section. This will lock you locker and tie that locker to your wrist band. To open the locker simply do the reverse. Once you're done with the lockers you can enter the park area through two shower rooms - one for women and a separate one for men.

How do you unlock a storage door?

Upgrade your storage and you'll unlock the door. You unlocked the front door accessed via the sidewalk. Once you unlock Section 3, you'll then gain access to the in-store door. I payed \$800 to open the storage, and it's still locked. I am in Level 9. And the \$800 disappeared.

How do you open a school locker?

See Step 1 to begin learning how to open 99% of all standard school lockers. (Note: some locks may open differently) Spin the dial at least three times to the right (clockwise), all the way around. This clears the lock of any previous numbers. If at any point in putting in your combination you mess up, do this again to start over.

How do I re-lock my locker?

In time you'll commit your locker's unique pattern to muscle memory. When done fetching items, re-lock your locker but leave the combo one digit to the left or right of the last number. This saves time re-entering it later yet still secures the contents. If turning the stiff dial becomes difficult, lubricating the lock may help.

Why is my locker not opening?

Some locks are a bit odd or finicky-- if your locker isn't opening after you put the three numbers in correctly, try turning left past your second number once and stopping on it on the next go around. For your third number, turn the dial to the right and go directly to the last number. Leave your lock on this number.
