

Inresol ab Malta

Who is Inresol AB?

Dear enthusiasts, inventors, engineers, and stirling supporters, I would like to announce that presently our company in Sweden 'INRESOL AB' are about to launch our products. We have completely redesigned a V2-6 Dry lubricated Gamma engine and included our own BMS, Data control system and multimode power inverter that we have designed 'in house'.

Where can I find information about Inresol?

We have also embedded software to create virtual grid networks for power sharing. More information and data sheets are available on our website : although product photos and operational videos will be uploaded soon due to product launch and pending patents.

What training does Inresol AB offer?

Inresol AB provides installation, operation and service training. It is expected of distributors and dealers to pass this knowledge on to all staff involved during sales build up. For more information, data sheets, distribution agreements, reseller agreements, license agreements, and price lists, please contact Inresol AB.
