States of Jersey Government Website. This document contains: general guidance on the performance expected of materials and building work in order to comply with the requirements in Part 1 of the second schedule to the building bye-laws

Well, we have a solution to that: power washing! As time goes, walls exposed to the north, the one that is most of the time in the shadow of your property, will always end up with green or brown moss on it. And this is bad because it makes your walls look like older that they actually are, especially when the weather is not at its brightest ...
