High power module using Polycrystalline, Mono Perc Solar Cells with High Conversion Efficiency High-Transmissivity, Tempered glass for enhanced stiffness and Impact resistance Robust, Anodized Aluminum Frame for extended outdoor use

Experience the exceptional benefits of the Waaree 3kW On-Grid Single Phase Solar Inverter, a reliable and efficient solution to power your home with solar energy. This innovative inverter seamlessly integrates with your existing solar panel system, offering unique advantages that make it stand out from the rest.

Kirloskar Solar offers a comprehensive range of solar inverters, from 1kW to 60kW. Inverters are an ideal solar system solution for private homes, including small roofs as well as ideal for commercial roofs and large distribution projects.

Established in the year 2010 at Thane, Maharashtra, we "Powertroniks Solar Private Limited" are a Private Limited Company firm, engaged as the foremost Manufacturer of Solar Water Heater, Solar Panel, etc. Our products are high in demand due to their premium quality and affordable prices. Furthermore, we ensure to timely deliver these products to our clients, through this we ...

Kirloskar Solar offers a comprehensive range of Off-Grid solar inverters, from 0.9 KVA to 15 KVA. Solar - Off Grid Web Content. Key Features of Off Grid String Inverter : High Efficiency. Micro Controller Based Design. Pure Sine Wave Output. Noiseless Operation. Light weight and Compact Design.

Easily browse through our assortment and explore more about price, specifications, availability, and deals online for Kirloskar Solar. Buy these products at best prices and get them delivered at your doorstep across India.

Kirloskar 3KW Transformerless Solar On-Grid Inverter's excellent scale of Protection, efficiency, and capacity makes it a preferred product for small scale and large scale operations. Solar Inverters Convert DC generated via solar module to AC making the energy consumable both for industrial and personal use.

The Kirloskar 3kW On Grid String Inverter is a reliable and efficient solar inverter that is perfect for use in residential and commercial applications. It features a maximum power output of 3kW and a wide input voltage range of 150-450V, making it ideal for use with a ...
