Central battery system (43) Divider (29) Substation (18 ... RP-Technik GmbH's product range includes complete systems for up to 50,000 luminaires, supplied with power either centrally or decentrally. ...

In order to keep the system up & to run, it requires Planned Preventative Central Battery System Maintenance by an experienced Professional. Benefits of central battery system maintenance. We provide excellent 24&#215;7 customer service, and we will proactively schedule your CBS maintenance and keep up with routine testing so that you don't have ...

The microControl plus (wall-mounted housing with battery compartment up to 9Ah) is a decentralised power supply system with restricted power for a 1-, 3- or 8-hour operating period, in accordance with DIN EN 50171 and DGUV V3 for

RP-Technik, a reputable german manufacturer of emergency power systems and batteries, authorized us to sell, install, maintain and service their MicroControl, MiniControl, MidiControl and Wireless Control in Romania. Power Backup Services (PBS) has fully trained personnel in RP-Technik facilities - click here to see the certification.

The multiControl plus system is a universally applicable, central power supply system according to EN 50171, which can be equipped with up to 96 freely programmable circuits in a service-friendly 19" assembly group system.

Find out all of the information about the RP-Technik - RPower Batteries product: power controller MD132. ... THE SIMPLE CENTRAL POWER SUPPLY SYSTEMS ENTRY midiControl plus is a preconfigured central power supply system with single luminaire monitoring without additional wiring, free programmable circuits and a 5-year log book for connecting ...

Available either with one or two chargers to 2.5A each. The biggest version equipped with 55 Ah batteries, outputs of 5300 W for 1 hour, 2300 W for 3 hours or 1000 W for 8 hours. The circuit module supplies all connected luminaires to ...

RP-Technik GmbH specializes in battery technology, manufacturing power supply systems with the RPOWER&#174; battery series tailored for emergency power, featuring excellent German engineering. They offer application-specific ...
