

Latvia gaf energy roof

Can a GAF certified roofing contractor install solar?

GAF-certified roofing contractors can install both the roofing and solar components. Energy with a conscience Choosing solar plays a role in renewable energy growth. That's a great thing, for now and for generations to come. Savings will vary and are not guaranteed.

Can a GAF energy solar roof save you money?

Of course, savings will vary and are not guaranteed. Incentives and eligibility requirements vary and availability is not guaranteed. With a GAF Energy solar roof, you'll not only get a roof that's durable and has curb appeal, it's also financially smart, since you can save on your energy bills over time.

What benefits does GAF offer contractors?

Contractors may receive benefits, such as loyalty rewards points and discounts on marketing tools from GAF for participating in the program and offering GAF enhanced warranties, which require the use of a minimum amount of GAF products. Find out if a Timberline Solar(TM) roofing system is right for your home.
