

Luxembourg sinking solar prices inia

Does Luxembourg pay for solar panels?

In Luxembourg, many financial incentives offer to reimburse the cost of installing solar panels. What's more, you can opt to consume the energy produced by your panels yourself, and thus reduce your energy bill. How do you install panels on your roof? How does the installation work? What assistance is available in Luxembourg?

How can Luxembourg encourage the adoption of solar energy?

To encourage the adoption of solar energy, the Luxembourg government has set up a range of grants and subsidies that make the installation of solar panels even more attractive. The programme Klimabonus offers to reimburse up to 62.5% of the cost of the photovoltaic installation for self-consumption contracts.

What's next for solar panel and heat pump grants in Luxembourg?

Residents of Luxembourg can currently benefit from 62.5% state support when installing solar panels, a policy in place until 1 July 2024. Since early 2024, the Socom company has been producing solar panels in Hollerich.

Where to install solar panels in Luxembourg?

Ideally, choose a company "Made in Luxembourg" and approved by the Klima agency to install your solar panels. We work with the most serious and reputable companies in Luxembourg for the installation of solar panels. If you would like a quote for your project, request a free quote.

When will Luxembourg launch a second solar tender?

The ministry plans to launch the second tender of this kind in July. As of the end of 2022, Luxembourg had approximately 319 MW of installed PV capacity, with around 42 MW of new solar additions last year, according to the International Renewable Energy Agency.
