

Martinique yada green energy solutions co ltd

YADA has obtained "continuous vacuum insulation double-wall pipe production and installation process" and other dozens of double-wall pipe related patents, posses complete independent intellectual property rights.

The Leader of Green Ship Pipeline Equipment Integration Solutions. Yada Green Energy Solutions Co., Ltd. was established in 1993, provides full lifecycle services to customers from principle design, Stress analysis, detail design, components manufacturing, spool prefabrication, skids integration, installation, safety monitoring, operation and ...

yada green energy solution co., ltd. Focusing on stainless steel pipeline system and integrated solutions, covers the whole process from raw material to detail design, manufacturing, installation and maintenance, YADA provides pipeline system related comprehensive services to global customers in marine engineering, energy and chemical industry.

YADA can provide customers with low pressure and high pressure gas ventilation double wall pipe, positive pressure Nitrogen filed double wall pipe vacuum insulation double wall pipe and related products and solutions. At the same time, YADA takes a leading position in China in the field of double wall pipe design, product specifications, vessel ...

YADA and MAN Cryo reached global strategic cooperation agreement based on dual fuel supply system for marine projects, which covers LNG, methanol, ammonia, hydrogen, etc., providing customers with the full life cycle services of basic design, detailed design, analysis & simulation, production design, manufacturing, installation and ...

YADA skid production line has an annual output of 350 sets of skids providing one- stop solutions from principle design, detailed design, production design, component manufacturing, pipeline prefabrication and skid integration to installation and commissioning, operation and ...

YADA and MAN Cryo reached global strategic cooperation agreement based on dual fuel supply system for marine projects, which covers LNG, methanol, ammonia, hydrogen, etc., providing customers with the full life cycle services of basic design, detailed design, analysis & simulation, production design, manufacturing, installation and commissioning, operation and maintenance.

YADA was established in 1993, after 30 years of continuous cultivation and exploration, gradually improve the manufacturing capacity of the whole industry chain from primary manufacturing to quaternary manufacturing, and become a leader in integrated solutions for green marine pipeline equipment, achieving

Martinique yada green energy solutions co ltd

mutual benefits for all levels.

YADA's fabrication strength is evident in its 100,000m2 manufacturing centre, where significant investments have been made, including equipment required for custom-designed products. Facts & Figures Company: YADA GREEN ENERGY SOLUTIONS CO., LTD. Established: 1993 Headquarter: Jiaxing City, China

FULL CHAIN MANUFACTURING, SEIKO QUALITY YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped flexible manufacturing enterprise in China to ensure the quality and quantity of products delivered to customers in various industries.

YADA has set up a technology research and development center, with a technical design team of more than 100 people, and establish an industry-university-research mechanism in cooperation with shipbuilding institutes, aerospace institutes, Zhejiang University, Jiangsu University of Science and Technology and other universities and research institutes.

With the vision of becoming the leader of green marine pipeline equipment integration solutions, in order to maximize customer benefits, YADA is committed to developing upmarket equipment manufacture industry, focusing on providing integrated solutions for advanced ships, marine engineering and clean energy, as well as cost-effective modular ...

YADA has the manufacturing strength of the whole industry chain and the quality management system of the whole process. YADA products are delivered to global customers with seiko quality. YADA products have successively served tens of thousands of projects in the field of clean energy such as high-end ships and ocean engineering.

YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped flexible manufacturing enterprise in China to ensure the quality and quantity of products delivered to customers in various industries.

German subsidiary: YADA Green Energy Solutions GmbH(Hamburg) Address: Rudolf Diesel Str. 16. 22941 Bargtheide, Germany. Email: wzt@cnyada lbj@china-yada . Overseas website: <https://global.cnyada> . Contact: +86 188 5831 5643
