Mercury Energy is a natural gas provider offering competitive rates and plans to customers in Ohio. We take great pride in our customer-first model that delivers accessible support and company transparency for a hassle-free experience.

Our hydro stations on the Waikato River were constructed from the late 1920s to the 1970s and have worked hard to keep the country powered. We have a long-term hydro refurbishment programme to protect these assets to ensure they can manage water flow that looks after the environment but also can optimise energy from the awa.
