Oredola Adeola. President Muhammadu Buhari has commissioned over N5bn worth, Haske Solar 10MegaWatts (MW) solar power plant in Kano State - the largest grid-connected solar plant, in Nigeria- built to ...

Nigeria, Abuja: President Muhammadu Buhari has recently commissioned Nigeria's largest grid-connected solar power plant. The 10 MW solar farm is located near the Challawa Industrial Estate, in Kano state. The \$16 M plant was implemented by Haske Solar Company Limited, a special purpose vehicle (SPV) jointly owned by the federal government of ...

The US\$16 million plant was implemented by Haske Solar Company Limited, a special purpose vehicle (SPV) jointly owned by the federal government of Nigeria (80%), the Kano state government (15%), and the Kumbotso local government area (5%). The solar plant is comprised of over 21,000 solar PV panels, two 6MVA transformers, 52 inverters, and a ...

Sitting on 24 hectares of land, the plant is the largest grid-connected PV solar plant in Nigeria. It is expected that full operationalization of the project will catalyse growth in the power sector as the plant demonstrates that large-scale-renewable energy projects can be successfully delivered in Nigeria.
