The Perdomo Nicaragua Bourbon Barrel Aged Sun Grown Robusto cigar has a cape leaf that has been aged for at least six years, then left to soak in bourbon casks for 10 months. The blend is made from leaves from the Jalapa, Condega and Esteli regions. The result is a full-bodied blend with spicy, earthy flavours and hints of the bourbon cask.

Nicaragua, a country of Central America located just north of the Equator, has a tropical climate, hot all year round. Temperatures are quite stable; however, there is a relatively cool winter from November to January, a hot spring from March ...

Sunrise and sunset in Nicaragua do not differ significantly throughout the year. The reason for this is the proximity to the equator. Thus, the sun swings north in the middle of the year and south at the turn of the year, without moving too far away. In countries like Canada or Norway, however, the difference is much more extreme.

Calculations of sunrise and sunset in Managua - Nicaragua for December 2024. Generic astronomy calculator to calculate times for sunrise, sunset, moonrise, moonset for many cities, with daylight saving time and time zones taken in account.

Lay in the sun, challenge the waves, go for a walk, enjoy a cold beer and by all means, do not miss the amazing Pacific sunset. Personally, I am more of a fan of PoneLOYA as it is a more local beach - chances are you won't ...

For convenience, the world is divided into 24 time-areas according to the apparent movement of the sun. Each of the areas represents a time zone. The divisions were made following the Earth's longitude, but there are exceptions to accommodate the boundaries of some countries.
