Is North Korea scared of the USA?

The United States isn't "scared" of North Korea. The United States, like Japan, South Korea, and honestly, China, is concerned that the leadership of North Korea is so unstable and erratic that without warning it may do something extremely dangerous, with ramifications that no one wants to contemplate. Economically North Korea is a basket case.

What are the problems facing North Korea?

Since the mid-1990s North Korea has had chronic food shortages. Massive international food aid has enabled the regime to escape from starvation of an enormous scale, but the population remains vulnerable to prolonged malnutrition and deteriorating living conditions.

Is North Korea a safe place to live?

While most of the country is pretty safe, there is one area that comes with trouble. In order to have a non-problematic stay, it's best to avoid this place completely. It's really not hard to guess, but the DMZ, the area between the South and North Korean border is probably the most dangerous place in the country.
