Aggreko's utility power solutions are designed to keep your operations running smoothly. With a comprehensive range of best-in-class short-term power, Aggreko can deliver the emergency power you need, whenever and wherever you need it. What makes us unique is our deep expertise in contingency planning and utility management solutions.

Commercial and industrial generators hire. Aggreko can offer generator rental and energy storage solutions that deliver power to all sizes and shapes, from temporary, single-site energy, through to baseload-scale, multi-megawatt power for regional grids. We focus on delivering precisely what each client needs, when they need it.

You need a partner that can help you navigate the Energy Transition and prioritise the range of new technologies and fuel alternatives to consider in your energy mix. Partnering with Aggreko will help you in your transition whether that's to a lower carbon future, decentralised economy or through digitalisation and energy management optimisation.
