

Pylontech rack Turks and Caicos Islands

Who is pylontech?

With self-developed core technologies in the cathode material, battery cell and BMS (battery management system), Pylontech is among the very few companies who had vertically integrated the whole lithium battery industrial chain.

Why should you choose pylontech?

It's long life characteristics, highest energy and power density in the industry, fashionable design, easiness of installation and expansion, all reflect the real requirements of end users and the strong technical capability of Pylontech. Working Temperature Range -10°C to 55°C, (Charging 0~55°C: Discharging -10~55°C)
