Is Qidu Pharma a trademark?

The trademarks "Qidu" and "Qidu Pharma" are well-known in China. Trademarks "QiJie" and "DiNuoXin" are famous throughout Shandong province. Qidu Pharma has passed the ISO9001, ISO14001, ISO45001, ISO50001 and National Intellectual Property Management System Certification.

Additionally, the printer is insanely speedy. The X-Plus 3's Klipper-enabled firmware and CoreXY motion system make it capable of pumping out small 3D prints in under 20 minutes, which is extremely impressive.. While the X-Plus 3 is only natively compatible with the rather lacking Qidi Slicer software, this shouldn't be too large of an inconvenience.

9 ???· The hydrogen fuel cell generators have also been optimised for the amount of energy used at the factory. A 760kW solar power generation system was installed on the factory roof ...

- An adjustable support contact distance. In S3D you only can choose a multiple of a layer. So you cannot achieve the optimum, if you use the same material as support. ... The 3DLabPrint free J3 Cub files come as a S3D factory file set only so it made sense to use S3D. Creating the G-Code and then sending it to the printer works fine, with the ...

I just checked and Qidu 3D printers are supported as defaults in OrcaSlicer too. But there was a bug in the JavaScript code which is now in the 1.7 dev beta which can be found by going to "Actions", then select any completed action with a green check-mark and scroll down to see the artifacts where you'll see the Linux build in a zipfile(zipped AppImage). Latest is ...

I have the old-style print head with no holes and the bltouch on the right. I downloaded from the "BL Touch (on the right)" google drive folder, extracted it to my USB, and let the update run, taking me from 4.3.6 to 4.3.13.
