The below map displays locations for residential developments where new First Time Buyer housing is being provided, and is based on information held by the Department of Infrastructure about those developments in July 2022. Please click on the image to view full size map (PDF).

Standard battery-operated alarms are the cheapest option, but the batteries need to be replaced every year; Mains-powered alarms are powered by your home power supply and have a back-up battery in case of a power cut. They need to be installed by a qualified electrician and, like battery alarms, they do require testing

Our all-in-one energy system with inverter offers a 51.2V lithium battery for superior performance. Ideal for 48V lithium ion battery systems, lifepo4 battery setups, and solar battery applications. Home

As a householder, there are two ways to recycle your dry-cell batteries: At red battery recycling bins at your local Civic Amenity site. At selected stores across the Island including all Manx Co-op stores- deposit
