

Romic consulting solar U S Virgin Islands

I have received excellent service from Romic Consulting with the recent installation of an inverter, solar panels, and batteries. The staff (Henrico van den Berg) was well informed about the products, friendly, and eager to render a service. The contracted electrician, Charl Smit, and his team were evenly competent and "user-friendly".

A wet day is one with at least 0.04 inches of liquid or liquid-equivalent precipitation. The chance of wet days in U.S. Virgin Islands varies throughout the year. The wetter season lasts 7.0 months, from May 1 to November 30, with a greater than 25% chance of a given day being a wet day.
