I have received excellent service from Romic Consulting with the recent installation of an inverter, solar panels, and batteries. The staff (Henrico van den Berg) was well informed about the products, friendly, and eager to render a service. The contracted electrician, Charl Smit, and his team were evenly competent and "user-friendly".

The location in Manchester, England, United Kingdom (latitude: 53.4507, longitude: -2.3186) has the potential to generate solar PV energy throughout the year, with varying levels of production depending on the season. In this region, an average of 5.31 kWh per day per kW of installed solar capacity can be generated during summer months, while autumn ...
