Problem with solar for families is that they are super expensive. In a lot of Ethiopian families now they have simple lamps powered by small solar panel for when there is an outage. Those kind of small devices could be affordable but solar panels for a whole roof with battery and stuff that cost over 20, 30k usd don't make much market.

Wholesale Solar Battery for sale! A solar battery is a device that is charged by a connected solar system and stores energy as a backup for consuming later.
