Somalia has no mandatory standards in place for off-grid solar products. However, programs such as the World Bank- funded Somalia Electricity Recovery Project and Somalia Electricity Access Project (SEAP) require products to adhere to IEC quality standards. Somalia has no specific laws and regulations on e-waste. Investments

Despite this, the market for off-grid solar products in Somalia has significant potential. GOGLA associates have reported sales of over 500,000 units of off-grid solar products since 2018, notwithstanding some gaps in sales reporting.⁸ Demand for energy in Somalia outstrips supply by a wide margin. Estimates indicate that access to energy
