Who is Solus power & QinetiQ?

Solus Power, a leading innovator in electric vehicle (EV) charging solutions, has signed a Memorandum of Understanding (MOU) with global defence and security company, QinetiQ. Solus Power is at the forefront of an energy revolution, driven by the global shift towards sustainable and innovative energy solutions.

What does Solus power do?

With a commitment to excellence and innovation, we are dedicated to transforming the energy sector in the UK and beyond, in alignment with the UK's Road to Zero policy and the global push towards a net-zero future by 2050. In the Defence and Security sectors, Solus Power's technology is a game-changer.

What is Solus power's Titan?

Solus Power's Titan represents a groundbreaking advancement in the energy sector, introducing an off-grid, rapid EV charging and energy storage system with unparalleled versatility for commercial and military applications.

How do I contact Solus power?

For any enquiries or assistance, please visit the 'Contact Us' page and complete the contact form provided there. Where is Solus Power located? Solus Power is headquartered in London, with our Engineering office located at the Warwick Innovation Centre. We have a global presence, boasting offices and partners in various countries.

What is Solus power's Titan EV charging system?

Solus Power's Titan is a groundbreaking off-grid EV charging and energy storage system with unmatched versatility for commercial, Defence and Security use. It meets the growing demand for reliable EV charging infrastructure in airport car parking, car hire, and rental services, improving operational efficiency and user experience.

Solus Power is at the cutting edge of delivering versatile energy solutions that cater to a broad spectrum of needs. Our pioneering technology, which combines rapid charging with robust energy storage, is designed for quick deployment ...

Founded in 2020, Solus Power provides a mobile, scalable and on-demand electric vehicle (EV) charging service. It uses a new generation of intelligent technology that can adapt and evolve with battery engineering. It aims to eliminate range anxiety and help accelerate EV adoption by filling the gap in the charging infrastructure.

Solus Power provides advanced off-grid intelligent rapid charging and energy storage solutions for Defence and Security, as well as civilian applications, utilising cutting-edge technology and innovative engineering to meet the diverse energy needs of a wide range of industries and environments.
