

Sse energy solutions Italy

Who are SSE energy solutions?

SSE Energy Solutions provides access to green energy straight from our UK wind farms for business and local authority customers. Set apart by their ability to innovate and create partnerships, they provide a growing suite of energy products and distributed energy solutions to support customers on the journey to net zero.

Is SSE going to build a wind farm in Italy?

SSE has taken a final investment decision to proceed with its first onshore wind farm projects in Italy, marking yet another milestone in its continued expansion in Continental Europe. Construction work is expected to begin in the coming weeks on SSE Renewables' Castel Favorito and Masseria la Cattiva wind farm sites in Puglia in Southern Italy.

Will SSE energy solutions decarbonise a London heat network?

SSE Energy Solutions has agreed a deal with Berkeley Homes that will help to decarbonise a heat network for up to 5,000 homes in London, thought to be one of the largest retrofits of its kind in the country.

That said, our trading name will eventually change to become TESGL Limited trading as SSE Energy Solutions. More updates will be announced on our News and insights and LinkedIn page.
