How many solar companies are in Saint Louis, MO? There are 13 solar companies in Saint Louis, MO on the EnergySage Marketplace.

Who should I hire for solar in Saint Louis?

We look for solar companies with owners who understand that when they sell you a solar system, you expect them to be there for the next 25 years to fix any issues that may arise. Here are the top companies we recommend for solar in Saint Louis: Purelight Power is the top-rated and largest solar company in Oregon and Iowa.

How much does solar cost in Saint Louis MO?

The average price per watt of solar power in Saint Louis, MO is \$2.79/W. These prices are before incentives. After the federal solar tax credit, the final cost will drop by 30%, down to \$22,570 for a 11.57 kW system. Many states even offer local rebates and incentives that lower the price further--sometimes by thousands of dollars.

Should you choose a solar company in St Louis?

Although it can be hard to choose a solar company, the search will pay off because going solar has many great benefits. One of the main reasons those living in St. Louis, where the average energy bill is pretty high, consider going solar is to decrease their monthly bills.

What solar incentives are available in Saint Louis?

The most significant incentive is the 30% federal solar tax credit, available to any taxpayer in the country when they purchase solar panels or battery storage. Some cities, counties, states and utility companies offer additional solar incentives, saving homeowners even more money. Here are the solar incentives available in Saint Louis:

Do I need a solar battery in Saint Louis?

No, you don't need to install a solar battery in Saint Louis. Solar panels can operate and lower your electricity bill even without a battery. However, a solar battery might be a worthwhile investment in some cases. A battery can provide backup power and priceless peace of mind in places with prolonged grid blackouts or extreme weather events.
