Will Northvolt AB go bankrupt?

THE CANADIAN PRESS/Christinne Muschi MONTREAL - Northvolt AB has filed for bankruptcy protection in the United States, but said the move will not jeopardize the manufacturer's planned electric vehicle battery plant in Quebec -- though hundreds of millions of taxpayer dollars invested in the parent company could be lost.

Will Northvolt AB raise 10 billion kronor?

Photographer: Andrej Ivanov/Bloomberg (Andrej Ivanov/Bloomberg) (Bloomberg) -- Cash-strapped battery maker Northvolt AB is working on a plan to raise more than 10 billion kronor (\$920 million) to continue its operations beyond the immediate horizon, according to its chief executive officer.

Does Northvolt have a pullback in Europe and North America?

Northvolt has in recent weeks communicated a wider pullback across Europe and North America, where the battery maker had hoped to build the manufacturing breadth needed to compete with lower-cost Chinese producers. Those expansion plans are now in tatters amid a string of operational setbacks and cooling demand for electric vehicles in key markets.

How much money has the government invested in Northvolt AB?

The government has invested a further \$270 million in Swedish parent company Northvolt AB, alongside a \$200-million investment from Quebec's pension fund manager. On Tuesday, Franchette confirmed the government could inject another \$300 million into the project once construction has started and private financing is in place.

Is Volvo taking over a joint venture with Northvolt AB?

Volvo Car AB said it is taking over a joint venture with struggling Swedish battery maker Northvolt AB.

Where is Northvolt based?

The C\$7 billion (\$5.1 billion) Northvolt Six gigafactory, sited in Montégie in the south of the province, was deemed essential to the future of Northvolt, the company told Canada's National Observer, in an email.

Swedish battery manufacturer Northvolt has secured a \$5bn (Skr52.31bn) non-recourse project financing deal for the expansion of the first circular gigafactory in the country.. The money will be used to fund the expansion of Northvolt Ett, the company's primary facility in northern Sweden, and will also support the growth of its adjacent recycling plant, Revolt Ett.

(Bloomberg) -- Volvo Car AB is taking over a joint venture with financially struggling Northvolt AB to build a factory on Sweden's west coast, underscoring the major challenges of scaling battery production in the
