The OneView Energy Control Unit is compatible with a wide range of wind turbine control systems and, in that way, enables different OEMs at the point of common coupling (PCC), WP extensions, and different operators at the PPC, e.g., grid operators and power traders.. By communicating directly with the power plant, the solution makes it easy and cost-effective to ...

If you work the usual 9-to-5 office job, a solar panel and battery bundle is likely to be your ideal energy option. This is because, by installing a solar battery, you can store the energy you create and utilize it anytime you are at home. This means you can store the power generated by your solar panels during the day and utilize it at night.

This latest design uses advances in solar technology to create a more compact solar light system that is easier to install The LEDs that we use in our lights are an important part of our system. We use Phillips 5050 LED Chips which produce exceptionally bright lumens at 160 - ...

Lento is leading manufacturer of Solar Charge Controller, Solar Inverter, Industrial Inverter and Industrial Ups, Off Grid Solar Inverter and Off Grid Solar System in Uganda. We at Lento fulfill the requirements of end user in the area of Solar ...
