Take a look at this year's innovative products (listed alphabetically by company) within the solar racking and mounting category (grouped by pitched roof, flat roof, ground-mount, tracking systems and carports). See the full list of the 2022 Top Solar Products here.

The great majority of UK roofs can support the typical weight of a solar array, which is around 200kg, but can't necessarily hold a tonne. Solar panels on a flat roof can also cast shade on each other, meaning they need to be spaced out more - which also reduces the number of panels you can have on your roof.

Support; Locations; Media; Jobs; The Swiss solar manufacturer. Megasol is the leading manufacturer of solar modules and mounting systems throughout Europe.
