What is Wallis and Futuna?

Wallis and Futuna is an overseas collectivity of the French Republic. The collectivity is made up of three traditional kingdoms: Uvea, on the island of Wallis, Sigave, on the western part of the island of Futuna, and Alo, on the island of Alofi and on the eastern part of the island of Futuna.

What is shell energy's Bess solution?

With Shell Energy's BESS solution, you are boosting your business' bottom line while helping provide grid stability in Australia's energy transition, one battery at a time. The best part of Shell Energy's BESS Solution is that we really do it all.

Does Wallis & Futuna attract tourism?

Wallis and Futuna attracts a limited amount of tourism. There is an international airport at Hihifo, northern Uvea, that is linked to French Polynesia and New Caledonia. Flights operate between Uvea and Futuna islands. A cargo vessel travels between the islands and Noumea, New Caledonia, about a dozen times a year.

Who inhabited Wallis & Futuna?

The earliest inhabitants in Wallis and Futuna were people of the Lapita culture, who had reached the islands by at least 800 BCE. Archaeological evidence indicates that the people engaged in agriculture and fishing. Later waves of other Polynesian sailors reached the islands about 1400 CE: Samoans settled on Futuna, and Tongans on Uvea.

What instruments are used in Wallis & Futuna?

The music of Wallis and Futuna is mainly Polynesian. Idiophones and aerophones are used exclusively; examples of these include slit-gongs (lali), stamping tubes, sticks, rolled mats (fala), sounding boards (lolongo papa), body percussion, Jew's harps (utete), flutes, shell trumpets, and leaf oboes.

What does Wallis & Futuna eat?

About Britannica AI. About four-fifths of the population of Wallis and Futuna engages in subsistence farming, growing yams, taros, bananas, and other food crops. Some livestock is raised (mostly pigs). The notion of selling produce from the land is contrary to traditional custom, wherein items are bartered and not sold.

Wallis and Futuna comprises two archipelagoes: Hoorn Islands group (also known as the Futuna Islands, and as Îles Horne). Futuna Island (pop. ~5,000); Alofi Island (uninhabited) Alofi Island is the smaller of the two. According to legend it was as densely inhabited as Futuna up until the 19th century, when the Futuna people slaughtered and ate the population in a single raid.
