

How long does a WECO battery last?

Weco batteries are tested by repeatedly discharging and charging them, and based on this, it is estimated that they will still be at well over 80% of their normal capacity after 8,000 cycles. 4K5 ULTRA is the World's thinnest Dual Voltage Li-Ion ESS. Parallel up to 15 modules in LV and 12 models in HV. IP54 rated. Available with heatpad.

What is the capacity of a WECO battery module?

WeCo battery modules have a capacity of 5.3 kWh and are stackable up to a cluster of 5 (LV) or 8 (HV) modules with a capacity of 22 kWh and 41 kWh respectively. These clusters can be reconnected in parallel for higher capacities, with the additional option of expanding the container size up to a capacity of 2.7 MWh.

What is a WECO battery?

WeCo is an Italy-based company that design and produce lithium batteries equipped with the highest quality components. WeCo battery modules have a capacity of 5.3 kWh and are stackable up to a cluster of 5 (LV) or 8 (HV) modules with a capacity of 22 kWh and 41 kWh respectively.

What applications does WECO offer?

WeCo offers a wide range of applications, from single-family homes to medium-sized businesses to large industrial applications. These lithium battery systems are easy to install (plug and play) and are compatible with many international inverter manufacturers.

What is 4K5 LV/HV?

Energy storage for on grid or off grid systems. 4K5 LV/HV is the most advanced Lithium Module for home and industrial energy storage systems. WECO. Products, Catalogue by FF Solar

Is WECO a good brand?

The battery has built-in wifi enabling it to be controlled and monitored online by technicians in Italy and this has proven invaluable for installers in the field. With recent price decreases, Weco is now becoming an obvious choice for installers wanting the best value for money for their customers without compromising on quality.

Modułowa bateria litowa WeCo 4K5 ULTRA jest jedną z najbardziej zaawansowanych i najcieńszych na rynku do magazynowania fotowoltaicznych systemów energii słonecznej. Dzięki swoim rewolucyjnym parametrom doskonale sprawdza się w mniejszych i większych przestrzeniach, takich jak korytarze czy przedsionki, a dzięki możliwości zawieszenia na ...

The WeCo 4K5 ULTRA modular lithium battery is one of the most advanced ones and, the thinnest one on the market for storage of photovoltaic solar energy systems. Due to its revolutionary parameters, it is
