

Weiheng ecactus American Samoa

WEIHENG ECACTUS is one of the world's leading and fastest growing battery energy storage solutions provider. We design, manufacture, deploy, and service power storage systems for utilities and clear energy power generators including solar and hydrogen, industrial and commercial users, residential and distributed power storage.

Weiheng's eCactus residential solar battery is an emerging contender in the market. As such there are some downsides with their lack of local presence and a shorter track record with few installations in Australia to refer to.
